## FABRICATION SERVICES, INC.

*It's Not Just Fabrication. It's Dedication.*

**CERTIFICATE  
NO. 52298**

## CAPABILITY STATEMENT

For almost half a century, Fabrication Services, Inc. has been a leader in industrial steel fabrication. Our team has the experience and expertise to handle a diverse range of projects to meet the needs of today's industrial market from stainless-steel grating to stainless-steel reactors. FSI welders have extensive experience with all types of carbon steel and alloy materials. Large enough to handle capital projects but small enough to give clients the personal attention they deserve, FSI is on call 24/7 to meet the critical and urgent demands of the industrial sector.
